Dear Dr. Janoff:

We are pleased to inform you that The Council for Tobacco Research has approved a grant of three thousand five hundred dollars toward support of the 1984 Gordon Research Conference on Proteolytic Enzymes and Their Inhibitors, at The Plymouth State College-South in Plymouth, New Hampshire on June 18-22, 1984.

We understand that these funds will be used for partial reimbursement of travel and residence expenses, for invited speakers and session chairmen. No part is to be used for support of any conference participants from private industry.

A statement of The Council's general policy with respect to support of conferences is enclosed.

We are confident that this meeting will make a significant contribution to progress in the field.

With best wishes,

Sincerely yours,

Robert C. Hockett
